

The Ten Lepers: Where are the other Nine?

The lesson for this month is about Jesus healing the ten lepers. This display of compassion by Jesus teaches us about the power of God and about thankfulness. Though the account is only nine verses long, there is much that can be learned. We learn to acknowledge the power and grace of God, just as the Samaritan leper did.

This month, take time to remind your child to be thankful in all things. We can be thankful for practical things such as food and comfortable housing. We can be grateful for aesthetic things such as sunsets and music. However, point out that the greatest gift we can receive is not physical healing, but the forgiveness of our sins through the sacrifice of Christ.

Memory Verse Luke 17:15
